

APPLICATION OVERVIEW "Lackglanz Extra", Art.-No. 2286

For the cleaning and care of your high-quality vehicle fleet with high paint content, so preferably for trucks, Sprintern, buses and cars. Also applicable for tarpaulin vehicles.

My advantage:

- Reliably cleans from grease, oil, soot, insect spills, organic soil, emulsions, metal oxide dust and more
- Creates radiant shine on your vehicle..
- Applicable all around your vehicle on all waterproof surfaces, ie paint, glass, tarpaulin, plastic, rubber, aluminum and steel rims, labels and commercially available plastics.
- Deep-acting, environment-friendly cleaner for vehicles, car washes, industrial areas and much more with excellent cleaning results..

Solvent-free, neither flammable nor explosive.

Application:

- In the truck washing plant in the pre-spraying process 1:20 - 1:25
- In the car wash in the pre-spraying process 1:30 - 1:40
With the spray dispenser T620: dosage 1: 5 to 1:50
Spray dry surface from bottom to top, allow to work for a few minutes, loosen extreme dirt with the brush, then use the high-pressure jet at max. Cumshot 50 ° C.
- Manually with brush or cloth, as well as all common high pressure equipment.
Dosage in the bucket 1: 5 to 1:50

ENVIRONMENTALLY FRIENDLY - BIOLOGICAL - TEMPORARILY - ENTREMULSIFY
