## CONFIRMATION

from  
HS – headlight bar

---

### **Roof bars on trucks > 3.5 t total weight**

The roof bars for trucks do not require technical approval, provided that they meet the following meet requirements:

- Mounting height > 2m
- No change in vehicle dimensions
- Insignificant change in unladen weight

Such parts are not listed in the example catalog for § 19 StVZO.

Fitting such parts to trucks in compliance with the above conditions does not invalidate the vehicle's the operating permit of the vehicle does not expire.
