

Technical specification:

- Supply voltage: 12-36V DC
- Operating temperature: - 40°C to +55°C
- The lamp is resistant to any weather conditions
- The lamp is completely airtight

Power consumption:

- 12V/24V = 0.1A/0.1A

Power consumption / rated power:

- 12V/24V = 1.2W/2.4W
- With E9 - mark of conformity
- EMC certificate
- Shock-resistant
